### **VICKI TOKITA RETIRES AS STATE HUMAN RESOURCES ADMINISTRATOR**

(BOISE) – Governor C.L. "Butch" Otter announced the retirement today of **Vicki Tokita** from the position of administrator of the State Division of Human Resources effective January 1.

David Fulkerson, deputy administrator and State financial officer at the Division of Financial Management, is serving as interim administrator until a successor is appointed.

"Vicki has done a great job keeping our agencies informed and aligned with our statewide human resources objectives. Her experience and collaborative style of working through these often difficult issues has set a standard of excellence," Governor Otter said. "I'm confident she has prepared the Division of Human Resources well for the challenges ahead, but Vicki will be sorely missed."

Tokita worked for the State of Idaho for 37 years, including 19 years in the human resources field. She was appointed deputy administrator in August 2010 and administrator in February 2011.

"I was proud to serve the citizens of Idaho in many capacities," she said, "and now I'm off to serve my family."
