GOVERNOR OTTER TO UNDERGO HIP RESURFACING SURGERY

(BOISE) – Governor C.L. "Butch" Otter announced that he is scheduled to have hip resurfacing surgery on Tuesday, January 20, 2015. Governor Otter underwent the same type of surgery on his right hip back in January, 2008.

Lieutenant Governor Brad Little will be the acting Governor Tuesday during the surgery and recovery period that day.

"I feel it is important for the public to know why their Governor will be away from the Statehouse and working from home over the next 2-3 weeks. I have talked to members of legislative leadership about my surgery and plan to stay in touch with them, legislators and directors throughout my recovery," said Governor Otter.

The Governor plans on conducting meetings via phone until doctors clear him to return to the office.
