 - Executive Order 2010-15

Governor’s Vision

Vision

- Idahoans will have the opportunity to access quality, effective and efficient healthcare that provides a coordinated delivery system with affordable and accessible health insurance options.

Maintaining an Idaho Focus

- Executive Order 2011-03
 - Prohibits implementation of PPACA
 - Affirms State’s control and responsibility for public health initiatives and health care for its citizens
 - Provides governmental agencies with the ability to apply for a grant waiver under the direction of the Governor.

Idaho – the Situation

- Fragmented system
- Increasing costs
- Increasing uninsured
- Increasing Medicaid-eligible
- Accessibility issues

Idaho – the Situation

Medicaid Eligibility

Idaho – the Situation

- There is much to do
 - Implement existing initiatives
 - Ensure Medicaid readiness for 2014 requirements

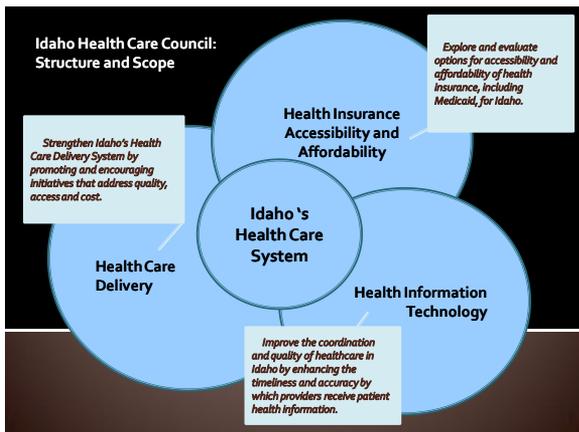

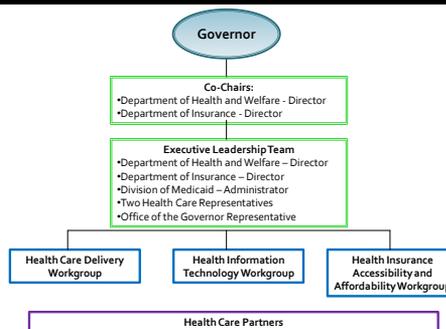

Idaho – the Situation

- 2014 Medicaid
 - Increased number of eligible individuals
 - Medicaid-required Health Insurance Exchange
 - Demands efficient delivery system to provide care / leverage resources
 - Supported by an effective data system to promote continuity of care and efficiencies

Idaho Health Care Council

- Pursue Idaho’s Health Care Vision
- Ensure Medicaid readiness for 2014
- Coordinate initiatives throughout the state to improve our health care system by:
 - Promoting Idaho-desired changes in the delivery system
 - Exploring options to increase affordability and accessibility, including planning for and determining whether Idaho will have a Health Insurance Exchange beyond Medicaid
 - Support efforts to enhance data quality and efficiencies

Idaho Health Care Council

Idaho Health Care Council

- Health Care Council role:
 - Support
