SECTION 1 – Executive Summary

External review of the Empowering Parents Grant Program included over 60,000 purchases made by grant awardees from November 2022 through the end of July 2023. Of those 60,000+ purchases, 174 were identified as potentially being “incorrectly made” which is less than 1% ($174 / 60,000 = 0.29\%$) of the total purchases. The total estimated cost of these purchases was approximately \$40,614. This amount represents 0.10% of the total value of all purchases reviewed, whether paid or pending ($\$40,614 / \$39,354,724 = 0.10\%$).

The primary justification for why a purchase was identified as potentially being incorrectly made was because the item(s) were not reasonably covered by an authorized category of “eligible education expenses” as set forth in Idaho Code 33-1030(3)(a)-(f). During the review, the number of “eligible education expense” categories was significantly expanded by Idaho’s Office of the State Board of Education (OSBE) which substantially reduced the number of purchases identified as potentially being incorrectly made.

Preliminary assessment also identified 252 transactions seemingly over the grant limit of \$3,000 per family. In the final analysis, however, parents were reportedly permitted to use their own funds to cover these apparent overages totaling \$59,084.

SECTION 2 – Background of the Empowering Parents Grant Program Review

The state of Idaho awarded a contract to Business Management Research Associates, Inc. (BMRA) for the purpose of reviewing the Empowering Parents Grant Program (EPGP). The EPGP is funded by Federal Coronavirus Relief Funds to help K-12 students recover from the adverse educational impact caused by the COVID-19 pandemic. The program provides grants of up to \$1,000 per student or \$3,000 per family over a two-year period to purchase eligible education services and devices through an online marketplace.

Reported compliance issues with the program prompted a review by OSBE and the contractor administering the program (Odyssey). OSBE issued a Transaction Review Report dated June 30, 2023, and concluded:

The Empowering Parents Grant Program is well positioned to positively impact Idaho families. To date, the program has benefited 49,429 children across the state, with the vast majority of purchases doing exactly what they were intended to do—support improved educational outcomes for Idaho children. This efficiency is a result of OSBE and Odyssey having worked together to review and revise program administration workflows on both sides to ensure that this highly successful program stays on track as we move forward. With less than 1% of the purchases made being deemed ineligible, and proper recourse having been established to rectify, we believe that this program has filled a massive need in

Idaho's education system. Reimbursement is in process and procedures have been established to prevent such purchases in the future. The collaboration between OSBE and Odyssey has resulted in a fine-tuned, well managed program that has helped tens of thousands of students.¹

BMRA's review is distinguished from OSBE's Transaction Review Report and was the result of a decision to conduct an independent assessment of the EPGP for compliance with its enabling statute, Idaho Code 33, as well as U.S. Treasury guidance regarding Coronavirus State & Local Fiscal Recovery Funds (SLFRF).

This report reflects the results of that assessment.

A. What Are the Applicable Treasury Guidelines and Idaho Code Provisions?

The report starts with a brief discussion of various legal requirements that govern implementation and execution of the subject program.

1. Treasury Guidelines for Coronavirus State and Local Fiscal Recovery Funds

The Coronavirus State and Local Fiscal Recovery Funds (SLFRF) program authorized by the American Rescue Plan Act, provided funds to state governments, among other entities, to support their response to and recovery from the COVID-19 public health emergency.² Through SLFRF, state governments invested these funds to address the unique needs of their local communities.

Funding from the SLFRF was subject to the requirements specified in the 2022 Final Rule released by Treasury on January 6, 2022.³ Treasury also released an Overview of the 2022 Final Rule, which provided a summary of major rule provisions and included a framework for eligible uses beyond those enumerated.⁴ This framework gave recipients broader flexibility to identify and respond to other pandemic impacts.

Education was among those programs impacted by the pandemic in virtually every state, including the state of Idaho. When federal funds became available, Idaho law makers enacted the Empowering Parents Grant Program.

This review did not identify any issues regarding compliance with Treasury guidelines.

⁴ <https://home.treasury.gov/system/files/136/SLFRF-Final-Rule-Overview.pdf>

2. What Is the Empowering Parents Grant Program?

In 2022, as a result of educational impacts stemming from the pandemic, Idaho Code 33 was amended to include the following provisions:⁵

33-1031. EMPOWERING PARENTS GRANT PROGRAM.

(1) There is hereby established the empowering parents grant program, to be administered by the board according to the provisions of this section. The purpose of the program is to provide education grants for eligible students.

(2) In order to administer the program, the board:

(a) Shall create and administer, or designate a third party to create and administer, a grant distribution platform;

(b) Shall establish a grant application process for parents;

(c) Shall, subject to appropriation, award grants. Grant awards shall be made in the following order of preference:

(i) First to eligible students whose household has an adjusted gross income under sixty thousand dollars (\$60,000), as verified by the Idaho state tax commission using the prior year's tax returns. Notification of grant awards for students in this category shall be made within thirty (30) days of application, and grant funds shall be made available for participants' use as soon as practicable, but no later than thirty (30) days after the notification of a grant award;

(ii) Starting sixty (60) days after grant awards in a fiscal year are made under subparagraph (i) of this paragraph, to eligible students whose household has an adjusted gross income under seventy-five thousand dollars (\$75,000), as verified by the Idaho state tax commission using the prior year's tax returns; and

(iii) Starting sixty (60) days after grant awards in a fiscal year are made under subparagraph (ii) of this paragraph, to all other eligible students on a first-come, first-served basis until all available funds are distributed; and

(d) May take such other actions as are necessary to implement and enforce the provisions of this section.

*(3) Prior to the award of a grant, the parent of a participant shall agree to verify program compliance. **The parent of a participant shall use grant funds only for eligible education expenses.** [Emphasis added] If a parent is found to misuse grant funds, then neither the parent nor another parent of the student living in the same household may apply for a grant in the future for any student, provided that the parent may appeal the finding to the board.*

(4) Grant funds shall be expended within two (2) years after they are awarded. Any unused funds at the end of the two (2) year period shall revert to the empowering parents grant program fund established in section 33-1034, Idaho Code.

*(5) **Grant awards per family shall be capped at three thousand dollars (\$3,000), regardless of the number of eligible students in the family.** [Emphasis added].*

⁵ <https://legislature.idaho.gov/statutesrules/idstat/title33/t33ch10/sect33-1031/>

3. What Are “Eligible Education Expenses”?

The amended statute also included provisions at 33-1030⁶ specifying what constituted “eligible education expenses” under the Empowering Parents Grant Program (EPGP):

- ...
- (3) *“Eligible education expenses” means:*
- (a) *Computer hardware, internet access, or other technological devices or services that are primarily used to meet a participant’s educational needs;*
 - (b) *Textbooks, curriculum, or other instructional materials, including educational software and applications;*
 - (c) *Fees for national standardized assessments, advanced placement examinations, examinations related to college or university admissions, or industry-recognized certification examinations;*
 - (d) *Therapies, including but not limited to occupational, behavioral, physical, speech-language, and audiology therapies, or other services or therapies specifically approved by the board;*
 - (e) *Educational programs offered for a fee or pursuant to contract by a school district, public charter school, or career technical education program to nonpublic students, provided that such students may not be counted for purposes of calculating public school enrollment; or*
 - (f) *Other education expenses and services as approved by the board, upon recommendation of the parent advisory panel established pursuant to section 33-1032, Idaho Code. [Emphasis added].*

B. Who Administers the Subject Grant Program?

On July 25, 2022, the Idaho Division of Purchasing for the Office of the State Board of Education (OSBE), issued a Request for Quote (RFQ) RFQ20231751 in furtherance of the new statutory requirements of Idaho Code 33. The Idaho Division of Purchasing subsequently awarded a contract for EPGP Administration to Primary Class Inc. (also known as Odyssey).

C. What Were the Findings from the State Board of Education’s Internal Review?

On June 30, 2023, OSBE completed its internal review of transactions stemming from the EPGP. That report included the following summary of findings:

- *The Office of the State Board of education (OSBE) staff have reviewed nearly all Empowering Parents Grant Program purchases made by grant awardees through the end of April, where the bulk of purchases were made before stronger procedures were put into place.*

⁶ <https://legislature.idaho.gov/statutesrules/idstat/title33/t33ch10/sect33-1030/>

- *Less than 1% of the total purchases were identified as ineligible. The total cost of ineligible expenses is less than \$180,000, which represents approximately 0.57% of the total grant funds expended. Additional work is ongoing to determine exactly how much less than \$180,000 the final amount will be.*
 - o *Once ineligible purchases are determined, OSBE and Odyssey will move to reverse the purchases and reimburse the state.*
- *Of the total purchases made, 6% fall into categories that may be approved as eligible expenses under Idaho Code § 33-1030(3)(f). The Parent Advisory Panel will review these expenses and make a final recommendation.*
- *As the program is ongoing, OSBE and Odyssey will continue to review and gather information about an additional 8% of purchases, and expect to report back in the coming weeks.*
- *While the contract with Odyssey did not contain any conditions related to the accrual of interest, Odyssey has committed to return the interest to the State and is in the process of doing so.⁷*

D. What Actions Were Taken Based On the State Board of Education’s Internal Review?

Idaho Code § 33-1030(3)(f) authorizes OSBE to approve recommendations from the Empowering Parents Parent Advisory Panel (EPPAP) regarding other education expenses and services to be included in the EPGP.⁸ On September 11, 2023, EPPAP completed its review of additional categories and submitted its recommendations to OSBE for approval.⁹ On October 18, 2023, OSBE met to consider, among other agenda items, the EPPAP recommendations for additional “eligible products and services.” These recommendations were presented to the Board with results and caveats as noted in the following “scorecard:”¹⁰

Revised “Eligible Education Expense” Categories

Idaho Code 33-1030(3)(a)	Idaho Code 33-1030(3)(b)	Idaho Code 33-1030(3)(c)	Idaho Code 33-1030(3)(d)	Idaho Code 33-1030(3)(e)	Idaho Code 33-1030(3)(f)*	Idaho Code 33-1030(3)(f)*	Idaho Code 33-1030(3)(f)*	Idaho Code 33-1030(3)(f)*	Idaho Code 33-1030(3)(f)*
Computer hardware, internet access, or other technological devices or services that are used primarily to meet a participant’s educational needs	Textbooks, curriculum, or other instructional materials, including educational software and applications	Fees for national standardized assessments, advanced placement examinations, examinations related to college or university admissions, or industry-recognized certification examinations	Therapies, including but not limited to occupational, behavioral, physical, speech-language, and audiology therapies, or other services specifically approved by the board	Educational programs offered for a fee or pursuant to contract by a school district, public charter school, or career technical education program to nonpublic students, provided that such students may not be counted for purposes of calculating public school enrollment	Educational camps and classes offered for a fee, but reserve the right for the State Board of Education to deny any classes they deem inappropriate (registration fees are eligible, but related costs, such as transportation are not eligible)	Non-technological education equipment that may be necessary to facilitate a student’s participation in educational activities (e.g., backpacks, computer cases, and tools for science labs) (additional reasoning or documentation may be necessary for parents to provide to justify some items as eligible)	Physical education equipment, gear, uniforms, or pay-to-play fees required for participation in physical education activities. (such products are only allowable for organized educational activities rather than simply recreational purposes)	Musical instruments and tutoring services	Costumes and uniforms – clothing necessary to facilitate participation in an educational camp, class, or event (e.g., dance uniforms, karate uniforms, or camp t-shirts) (additional reasoning or documentation may be necessary for parents to provide to justify some items as eligible as necessary for participation in an educational camp, class, or event)

*Recommended by EPPAP and approved by OSBE

In addition to making recommendations to OSBE of additional categories of “eligible education expenses,” OSBE also prepared a list of “approved” and “not approved” items by category which EPPAP posted on its website.¹¹ The list presents examples of eligible and ineligible items in each category but is not exhaustive.

SECTION 3 – External Program Review

On August 9, 2023, the Idaho Division of Financial Management issued a Purchase Order (PO) #DFM 24-001, to Business Management Research Associates, Inc. (BMRA), for an “external” review of the Empowering Parents Grant Program. More specifically, BMRA was asked to review the subject program for compliance with Coronavirus State & Local Fiscal Recovery Fund guidance and compliance with Idaho Code 33-1030(3)(a)-(f). The PO required BMRA to provide an end of project report including all deficiencies identified to include but not limited to the following:

- *All incorrectly made purchases.*
- *Justification for why they were incorrect per Idaho statute or U.S. Treasury guidelines.*
- *Summary of how these purchases were allowed.*
- *Recommendations to improve security and the transaction process based on how the program is currently operating.*

A. Review Approach

After issuance of the PO, BMRA was provided a master spreadsheet of 60,006 transactions incurred-to-date under the subject grant program for the purpose of reviewing every transaction for compliance. In many instances, the transaction description included a string consisting of multiple items grouped together with only a total dollar amount for the entire transaction, like the following example:

*Amazon Fire HD 8 tablet, 8" HD display, 64 GB, (2020 release), designed for portable entertainment, Plum
Amazon Fire HD 8 tablet, 8" HD display, 64 GB, (2020 release), designed for portable entertainment, Black

To accomplish the daunting task of reviewing every transaction as described in the master spreadsheet, BMRA applied a two-phased approach. In Phase 1, BMRA divided the 60,006 master spreadsheet entries (which included well over 200,000 individual items across all transactions) among four Subject Matter Experts (SMEs). The results of their individual reviews were consolidated, with 9,939 purchases (roughly 17% of all transactions) categorized as “To Be Determined” and subjected to a second level of scrutiny by the same SMEs working together to reach consensus (Phase 2).

BMRA’s review was well-underway when OSBE met and adopted several recommendations from EPPAP which significantly expanded the categories of eligible education expenses. It also resulted in a substantial reduction of what otherwise would have been purchases identified as potentially being “incorrectly made.” In other words, most of the potentially “ineligible education expenses” were now “eligible.”

Having identified those purchased items reasonably construed as falling under one or more categories of “eligible education expenses,” and taking into account OSBE’s expanded categories, the SMEs identified 174 transactions or purchases as potentially being “incorrectly made.” The cost associated with those purchases was estimated using publicly available

A Review of the Empowering Parents Grant Program

information and included as a separate column in the spreadsheet accompanying this report. That same spreadsheet includes an itemized list of purchases identified as potentially being incorrectly made, and justification for why the purchase was identified as such. The following table is a brief excerpt from the spreadsheet for illustrative purposes only:

Appendix 6 Excerpt for Illustrative Purposes Only

Public Id	Service Offering Title	Status	Amount In Dollars	Justification For Why Items/Purchase Was Incorrect Per Idaho Statute Or US Treasury Guidance	Estimated Amount Deemed Not Eligible
UEANPSROQ0QINKBGOMET	Escali Granda Shipping and Receiving Scale - 264 lb - Silver, Linsay F7 Tablet, 7 Screen, 2GB Memory, 32GB Storage, Android 12, Kitty, Linsay F7 Tablet, 7 Screen, 2GB Memory, 32GB Storage, Android 12, Paris	RECONCILED	\$ 318.05	Consensus of reviewers was that certain item(s) in this transaction were not “eligible education expenses” and not covered under one or more provisions in Idaho Code 33-1030(3)(a)-(f). The item(s) in question, however, were not expressly included in any of EPPAP’s example(s) of “approved” or “not approved” expense(s). Thus, the consensus of reviewers was to carry the item(s) forward as a deficiency and defer to OSBE for ultimate disposition.	\$ 94.08

The item(s) in question, however, were not expressly included in any of EPPAP’s example(s) of “approved” or “not approved” expense(s). Thus, the consensus of reviewers was to carry the item(s) forward as a deficiency and defer to OSBE for ultimate disposition.	\$ 25.00
4992	ILY ACTIVITY KINGS Large Scrunchie Kit for Hair Customizable Scrunchies Mix & Match (Sunshine Charms) Stiizo Compatible Ink Cartridge Replacement for HP 902XL High Yield Work with Officejet Pro 6978 6968 6970 6960 6962 6958 6954 6950 6951 Printers (Black, Cyan, Magenta, Yellow, 4 Combo Pack)		\$ 67.82	Consensus of reviewers was that certain item(s) in this transaction were not “eligible education expenses” and not covered under one or more provisions in Idaho Code 33-1030(3)(a)-(f). The item(s) in question, however, were not expressly included in any of EPPAP’s example(s) of “approved” or “not approved” expense(s). Thus, the consensus of reviewers was to carry the item(s) forward as a deficiency and defer to OSBE for ultimate disposition.	\$ 16.99

B. Ground Rules and Assumptions

Even with the statutory definition of “eligible education expenses,” the expanded list of qualifying categories of expenses approved by OSBE, and examples of “approved” or “not approved” expenses, reviewers were still required to exercise reasonable judgment in assessing what they deemed were correctly versus incorrectly made purchases. Reasonable minds can and do differ. Participants in this review were no different. Consequently, the following ground rules and assumptions were developed by the SMEs to guide their review.

1. Reviewers assumed the following items were not “eligible education expenses,” but deferred to OSBE and others to determine the ultimate disposition (the list is not exhaustive):

non-uniform clothing (i.e., women’s purse); laser engraving machine; keyless door lock; drone; aquarium; shipping scale; hair scrunchie kit; garden tool sets; garden gloves; heavy duty garden cart; John Deere kids riding tractor; “recording studio bundle;” Roblox Gaming Club; LED vanity mirror with speaker; Apple Air Tag Asset Tracking Device; Pelican ProGear P1075 Carrying Case (for Pistol, Handgun Magazine, Accessories).

2. Some toys, but not all, were considered not “eligible education expenses,” which is consistent with OSBE’s list of “not approved” items for “non-technological education equipment that may be necessary to facilitate a student’s participation in educational activities.” Items described as STEM-related toys, however, were deemed eligible.
3. Many of the computing devices were described as “gaming” computers. Such items were deemed “eligible” because, despite the non-educational characterization, they could be used for educational purposes.
4. Generic descriptions such as “Computers and Accessories” made it challenging to assess eligibility of an item, but as a general rule, the transaction was assessed based on the given description.

C. Summary of How These Purchases Were Allowed and Recommended Improvements

Possible reasons for how these purchases were allowed likely includes, but is not limited to, the following:

- Reason 1 – “Eligible Education Expense” Categories Require Interpretation. While Idaho Code 33-1030 specifies several broad categories of “eligible education expenses,” in addition to those recommended by EPPAP and approved by OSBE, none of the approved categories expressly identify individual items that fall under

those categories. Consequently, approval of each expense calls for subjective judgment for which reasonable minds can and do differ.

Recommendation 1.1 – Recommend OSBE continue to expand the published list of “approved” and “not approved” items by category.

Recommendation 1.2 – Consider supplementing the list of “approved” and “not approved” items by category with additional details to clarify meaning and narrow opportunities for misinterpretation.

- Reason 2 – Bundling. Many of the purchase descriptions included items from a variety of categories which likely made it more difficult to assess compliance.

Recommendation 2.1 – Consider itemizing items within each transaction by category making it easier to assess eligibility.

Recommendation 2.2 – Consider limiting the total number of an item which can be purchased by the same family (e.g., limit the number of headsets to three per family).

- Reason 3 – Presumption of Eligibility. It is reasonable to conclude that parents likely thought if an item was accessible on the portal, then it must be an approved item available for purchase under the grant program.

Recommendation 3.1 – Consider reviewing processes to ensure items on the portal are approved prior to being made available for purchase.

- Reason 4 – Staffing. The number of personnel available to review and approve transactions, as well as perform quality assurance tasks, likely contributed to the approval of items that were subsequently deemed ineligible.

Recommendation 4.1 – Consider making additional resources available to expand the number of staff to review and approve transactions.¹²

SECTION 4 – Conclusion

BMRA reviewed over 60,000 Empowering Parents Grant Program purchases made by grant awardees from November 2022 through the end of July 2023, where the purchases were made before OSBE adopted most of EPPAP’s recommendations for additional “eligible education expenses.” Of those 60,000+ purchases, less than 1% (0.29%) of the total purchases were identified as potentially being made incorrectly. The total estimated cost of such purchases is \$40,614.

¹² For additional recommendations to improve security and the transaction process based on how the program is currently operating, additional information would be required beyond the master spreadsheet provided.

Transaction Review Report
6/30/2023

The State Board of Education's team has conducted a full review of the Empowering Parents Grant Program and determined that the overwhelming majority of program purchases were eligible and approved, with less than 1% of the total purchases being identified as ineligible. In total, the Empowering Parents Grant Program has helped 49,429 children across the State of Idaho purchase needed educational items and services, and we look forward to continuing the great work of the program in the months and years ahead.

Summary of Findings

- The Office of the State Board of education (OSBE) staff have reviewed nearly all Empowering Parents Grant Program purchases made by grant awardees through the end of April, where the bulk of purchases were made before stronger procedures were put into place.
- Less than 1% of the total purchases were identified as ineligible. The total cost of ineligible expenses is less than \$180,000, which represents approximately 0.57% of the total grant funds expended. Additional work is ongoing to determine exactly how much less than \$180,000 the final amount will be.
 - Once ineligible purchases are determined, OSBE and Odyssey will move to reverse the purchases and reimburse the state.
- Of the total purchases made, 6% fall into categories that may be approved as eligible expenses under Idaho Code § 33-1030(3)(f). The Parent Advisory Panel will review these expenses and make a final recommendation.
- As the program is ongoing, OSBE and Odyssey will continue to review and gather information about an additional 8% of purchases, and expect to report back in the coming weeks.
- While the contract with Odyssey did not contain any conditions related to the accrual of interest, Odyssey has committed to return the interest to the State and is in the process of doing so.

Ineligible Purchases – <1%

Less than 1% of the total purchases, and 0.57% of the total dollars spent, were identified as ineligible. Items for which an exact cost has been determined total \$83,466.00. Approximately 100 items were bundled purchases in which only a portion of the purchase was ineligible. These purchases total \$97,754.00, not all of which will need to be reimbursed. Additional work is being done to determine what portion of the total bundled purchases is attributed to ineligible items. The state will be reimbursed for the items for which exact cost has been determined. Once the bundled purchases are disaggregated, Odyssey and OSBE will work to provide any additional reimbursement if needed.

While these items are technically ineligible based on a strict interpretation of statute, many of the items could have been purchased for students with nuanced special education needs; things such as weighted blankets, sensory socks, and others. Odyssey will reach out to the parents who made these ineligible purchases to provide a final opportunity for parents to submit evidence and justification as to why the purchase was made and what the item is being used for to further the student's education. OSBE staff will review that documentation and may remove purchases from the ineligible list based on that review.

Categories to be Considered by Parent Advisory Panel – 6%

OSBE staff is scheduled to present the findings of this review to the Parent Advisory Panel on July 10th. We propose that the Empowering Parents Advisory Panel (EPAP) consider recommending the categories of expenditures listed below to the State Board of Education for approval as eligible expenses pursuant to Idaho Code § 33-1030(3)(f). If the EPAP chooses to recommend any or all of the categories below and the State Board of Education subsequently approves the recommendation, the purchases in the newly approved categories would be considered eligible retroactively, and no further action would be taken.

- Camps and Classes * <1% of all transactions reviewed
- Costumes, athletic gear, and uniforms * less than 1% of all transactions reviewed
 - This category includes equipment parents have purchased for their students to participate in outside, education-based activities.
- Educational equipment * 5% of all transactions reviewed
 - Things such as backpacks, lunchboxes, computer cases, and other items to help with the logistics of schooling are included in educational equipment.
- Physical education equipment * 1% of all transactions reviewed
 - This category includes items that support physical education to support healthy living and well-rounded learners.

Continuation of Review

Odyssey and the State Board of Education are working to compile information to review further purchases as we move into the coming months. We are gathering more information on approximately 8% of the purchases from the program start date through April, as well as the purchases from May and June which are being internally review by Board staff. If additional items are determined to be

questionable per limitations in statute or potential recommendations of the EPAP, OSBE staff will work with Odyssey and either approve them or refer them to the ineligible category.

Looking Forward

- OSBE has implemented procedures for reviewing all purchases within 72 hours of purchase. This practice facilitates timely requests for reversals should any ineligible expenses be purchased in the future. OSBE and Odyssey have internal measures in place on items that have been previously identified as eligible or ineligible, helping streamline this process.
- Odyssey has established procedures for reviewing all purchases and has implemented a “punch-out” system for some vendors that requires Odyssey staff approval of items prior to the purchase being finalized. Odyssey has established agreements with vendors that require vendors to only make eligible products and services available on the marketplace. Along with this, parents using the marketplace will need to submit documentation and attestation as to the educational purpose for ALL items being purchased, not just items that need extra staff review.
- OSBE and Odyssey have worked together to document business processes that outline the workflow, procedures, and safeguards enacted to ensure that moving forward there is tight scrutiny around the program.

Conclusion

The Empowering Parents Grant Program is well positioned to positively impact Idaho families. To date, the program has benefited 49,429 children across the state, with the vast majority of purchases doing exactly what they were intended to do—support improved educational outcomes for Idaho children. This efficiency is a result of OSBE and Odyssey having worked together to review and revise program administration workflows on both sides to ensure that this highly successful program stays on track as we move forward. With less than 1% of the purchases made being deemed ineligible, and proper recourse having been established to rectify, we believe that this program has filled a massive need in Idaho’s education system. Reimbursement is in process and procedures have been established to prevent such purchases in the future. The collaboration between OSBE and Odyssey has resulted in a fine-tuned, well managed program that has helped tens of thousands of students.

Appendix 2 – EPPAP Recommendations to OSBE (September 11, 2023)

Empowering Parents Parent Advisory Panel

Recommendations to the State Board of Education

September 11, 2023

1.0	APPEALS PROCESS
1.1	Idaho Code § 33-1031(3) – Barred Household Appeal to the Board Grantees that purchased an item from the marketplace that is later deemed ineligible should be allowed back into the program.
2.0	CONTRACTOR
2.1	Vendor Approval Process a. Streamline the vendor approval process and allow parents to suggest vendors or apply for vendors on their behalf.
2.2	Enhance Vendor Offerings to Address Learning Loss a. Prioritize offering services specific to addressing student learning loss.
2.3	Expand Vendor Services Available to Rural and Remote Communities a. Expand vendor services available to rural and remote communities beyond physical education classes and enhanced broadband service.
2.4	Expand Vendor Services to Out of State Vendors Providing Educational Services a. Allow parents to select out of state vendors offering in-person educational enrichment opportunities. b. Allow parents to select out of state vendors offering educational enrichment opportunities through a virtual platform.
2.5	Local Education Agencies a. State Board of Education staff and Idaho School Boards Association work together to encourage all Idaho Local Education Agencies to become vendors in the marketplace.
2.6	Vendor Review Process a. Work with the contractor to implement a vendor review process for parents or patrons of the program to review vendors in the marketplace.
2.7	Vendor Relations a. Enhance communication between the contractor and vendors.

3.0	PROGRAM ADMINISTRATION
3.1	<p>Residency</p> <ul style="list-style-type: none"> a. Students must reside in Idaho to access Empowering Parents grant funds.
3.2	<p>Annual Timeline</p> <ul style="list-style-type: none"> a. Adjust the program timeline to align with the start of the school year to allow parents to access funds earlier in the school year, with no negative impact to current participants.
3.3	<p>Awards</p> <ul style="list-style-type: none"> a. Move faster through the awards process. b. Shorten the duration between waves.
3.4	<p>Program Caps</p> <ul style="list-style-type: none"> a. Allow all eligible students (K-12) within a household to use the grant funds awarded to the household. b. Maintain the annual household award at three (3) per household. c. Maintain the annual Empowering Parents grant award at \$1,000 per eligible student.
3.5	<p>Program Support</p> <ul style="list-style-type: none"> a. Increase the number of FTE supporting the Empowering Parents Program by at least one FTE.
3.6	<p>Expenditure of Funds</p> <ul style="list-style-type: none"> a. Current grant recipients shall have one (1) additional year to spend grant awards. b. Develop a process to allow unspent grant funds to be returned to the State should a participant elect not to use the entirety of the grant.
3.7	<p>Two-Household Families³³</p> <ul style="list-style-type: none"> a. Create a policy for two-household families which includes verification that the Empowering Parents award is granted to the parent with authority to make educational decisions for the respective child.

4.0	ELIGIBLE EXPENSES
4.1	<p>Idaho Code § 33-1030(f) – Other education expenses and services as approved by the Board, upon recommendation of the Parent Advisory Panel</p> <ul style="list-style-type: none"> a. Educational camps and classes offered for a fee, but reserve the right for the State Board of Education to deny any classes they deem inappropriate. b. Non-technological education equipment that may be necessary to facilitate a student’s participation in educational activities (i.e. backpacks, computer cases, and tools for science labs). c. Fees associated with homeschool educational services tuition, including co-ops or whatever setting the family chooses. d. Physical education equipment, gear, uniforms, or pay-to-play fees required for participation in physical education activities. e. Educational programs or extracurricular activities offered for a fee or pursuant to contract by a school district, public charter school, or career technical education program to any students, provided that such students may not be counted for purposes of calculating public school enrollment. f. Musical instruments and tutoring services. g. Costumes and uniforms – clothing necessary to facilitate participation in an educational camp, class, or event (i.e. dance uniforms, karate uniforms, or camp t-shirts).
4.2	<p>Reimbursements</p> <ul style="list-style-type: none"> a. Allow direct reimbursement for internet services. b. Establish a process for reimbursement under what the Board finds feasible within their abilities.

Empowering Parents Advisory Panel Concludes Work, Recommendations Sent to State Board of Education

(BOISE) – The Empowering Parents Parent Advisory Panel held its final meeting this afternoon in Lewiston. The [panel's recommendations](#) have been sent to the State Board of Education for consideration.

The group began its work in June and held meetings in Boise, Twin Falls, Rexburg and Lewiston. It held two additional work sessions. The panel is created in [Idaho Code 33-1032](#), which instructs the Office of the State Board of Education to create a parent advisory group to advise on ways to “implement, administer and improve,” the Empowering Parents Grant Program. [The council](#) included seven members from around the state: three appointed by the Governor, two appointed by the Senate Pro Tem and two appointed by the Speaker of the House. Superintendent Debbie Critchfield served as the panel’s nonvoting chair.

“The State Department of Education and the Office of the State Board of Education would like to thank each member of this workgroup for their time and effort,” said Critchfield. “Their work has been substantial and it comes at an important time. I’m grateful for all their energy and attention over the last several months.”

The State Board of Education will consider the panel’s recommendations at its [October 18](#) meeting in Lewiston.

###

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

SUBJECT

Empowering Parents Program Update

REFERECNE

June 14, 2023	State Board of Education ("Board") heard update on status of program implementation.
August 23, 2023	Board heard update on status of program implementation and received Final Report and Action Plan dated 8/2/23.

APPLICABLE STATUTE, RULE, OR POLICY

Idaho Code §§ 33-1030 to 1034

BACKGROUND/DISCUSSION

The Empowering Parents Grant Program (Program) was enacted in 2022 (S1255) to provide education grants for eligible students. After a competitive solicitation, the State Division of Purchasing awarded Primary Class Inc., also known as "Odyssey," the contract to create and administer an online platform including an electronic marketplace for awardees to use grant awards for eligible products and services.

The State Board of Education administers the Program. The Board does not have rulemaking authority for this section of Code.

Idaho Code § 33-1030(3) defines "eligible education expenses" as:

- a) Computer hardware, internet access, or other technological devices or services that are primarily used to meet a participant's educational needs;
- b) Textbooks, curriculum, or other instructional materials, including educational software and applications;
- c) Fees for national standardized assessments, advanced placement examinations, examinations related to college or university admissions, or industry-recognized certification examinations;
- d) Therapies, including but not limited to occupational, behavioral, physical, speech-language, and audiology therapies, or other services or therapies specifically approved by the board;
- e) Educational programs offered for a fee or pursuant to contract by a school district, public charter school, or career technical education program to nonpublic students, provided that such students may not be counted for purposes of calculating public school enrollment; or

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

- f) Other education expenses approved by the board, upon recommendation of the parent advisory panel established pursuant to section 33-1032, Idaho Code.

Idaho Code § 33-1032 establishes a parent advisory panel (EPPAP) to make recommendations to the Board regarding implementation, administration, and improvements to the program. EPPAP also may make recommendations to the Board regarding the inclusion of other educational expenses and services.

EPPAP, chaired by Superintendent Critchfield, met on June 1, 2023, July 10, 2023, August 17, 2023, September 11, 2023, and September 21, 2023. OSBE staff attended each meeting.

Over the summer, EPPAP discussed several potential recommendations. Programmatic changes recommended to the Board are presented in Attachment 1.

Recommendations are listed below and grouped by Board consideration type. The number of each recommendation correlates to the number of the EPPAP recommendation in Attachment 1.

Eligible Products and Services

Idaho Code § 33-1030(3)(f) authorizes the Board to approve recommendations from EPPAP regarding other education expenses and services to be included. The following EPPAP recommendations are not currently considered as eligible under the Program, but could be added by the Board as new eligible products and services.

- 4.1.a. Educational camps and classes offered for a fee, but reserve the right for the State Board of Education to deny any classes they deem inappropriate.
 - Board staff requested that EPPAP consider recommending this category to the Board for inclusion as other education expenses due to a high volume of parent interest in such services.
 - Board staff recommends approval of this category with specification that registration fees are eligible, but related costs, such as transportation are not eligible.
- 4.1.b. Non-technological education equipment that may be necessary to facilitate a student's participation in educational activities (e.g., backpacks, computer cases, and tools for science labs).
 - Board staff requested that EPPAP consider recommending this category to the Board for inclusion as other education expenses due to a high volume of parent interest in such products.
 - Board staff recommends approval of this category with the acknowledgement that additional reasoning or documentation may be necessary for parents to provide to justify some items as eligible.

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

- 4.1.c. Fees associated with homeschool educational services tuition, including co-ops or whatever setting the family chooses.
 - During the 2023 legislative session, the legislature considered two separate bills (Senate Bill 1144 and Senate Bill 1161) that proposed the use of Empowering Parents micro-grant funds for non-public school tuition. Neither bill was enacted. As such, Board staff does not recommend approval of EPPAP recommendation 4.1.c.

- 4.1.d. Physical education equipment, gear, uniforms, or pay-to-play fees required for participation in physical education activities.
 - Board staff requested that EPPAP consider recommending this category to the Board for inclusion as other education expenses due to a high volume of parent interest in such products and services.
 - Board staff recommends approval of this category with further clarification that such products are only allowable for organized educational activities rather than simply recreational purposes.

- 4.1.f. Musical instruments and tutoring services.
 - Musical instruments and non-academic tutoring services are not currently included as eligible products and services. There has been some parent interest in adding this category of products and services.
 - Board staff recommends approval of this category of products and services.

- 4.1.g. Costumes and uniforms – clothing necessary to facilitate participation in an educational camp, class, or event (e.g., dance uniforms, karate uniforms, or camp t-shirts).
 - Board staff requested that EPPAP consider recommending this category to the Board for inclusion as other education expenses due to a high volume of parent interest in such products.
 - Board staff recommends approval of this category of products and services with the acknowledgement that additional reasoning or documentation may be necessary for parents to provide to justify some items as eligible as necessary for participation in an educational camp, class, or event.

Business Procedures

Idaho Code § 33-1031(2)(d) provides that the Board “may take such other actions as are necessary to implement and enforce the provisions of this section.” Pursuant to this section of Code, OSBE staff has piloted business procedures subject to adoption by the Board. The following EPPAP recommendations could be considered by the Board for addition to current business procedures.

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

- 2.1.a. – Streamline the vendor approval process and allow parents to suggest vendors or apply for vendors on their behalf.
 - This is already allowable, but the procedures have not been formalized or published. Vendors must be willing to participate in the Program and to release financial information to the contractor.

- 2.3.a. – Expand vendor services available to rural and remote communities beyond physical education classes and enhanced broadband service.
 - The EPPAP discussed the lack of local vendors available in rural areas. Multiple broadband service vendors have actively or passively declined participation in the program.

- 2.6.a – Work with the contractor to implement a vendor review process for parents or patrons of the program to review vendors in the Marketplace.
 - This feature does not currently exist in the platform. Parents have made reports through the contractor’s customer service and by direct contact with Board staff, but these reports are not visible to vendors or to other grant awardees.

- 2.7.a. –Enhance communication between the contractor and vendors.
 - The request for proposal for the next contract includes more specific requirements in this area.

- 3.7.a. -Create a policy for two-household families which includes verification that the Empowering Parents award is granted to the parent with authority to make educational decisions for the respective child.
 - This situation has been encountered. Procedures have not been formalized or published.

- 3.2.a. – Adjust the program timeline to align with the start of the school year to allow parents to access funds earlier in the school year, with no negative impact to current participants.
 - Idaho Code § 33-1031(2) establishes the length of time between each of three waves of award offers. However, the start date of wave 1 is left to the Board.

Current Practice

The following EPPAP recommendations do not require Board action as these are current practices.

- 2.4.a. – Allow parents to select out of state vendors offering in-person educational enrichment opportunities.
 - No vendor has been denied participation in the marketplace based on the vendor’s location.

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

- 2.4.b – Allow parents to select out of state vendors offering educational enrichment opportunities through a virtual platform.
 - No vendor has been denied participation in the marketplace based on the vendor's location.

- 3.4.a. - Allow all eligible students (K-12) within a household to use the grant funds awarded to the household.
 - Idaho Code § 33-1031(1) provides that the purpose of the program is to “provide education grants for eligible students.” There is no statutory requirement that a grant fund be used for a particular eligible student.

- 3.4.b. – Maintain the annual household award at three (3) per household.
 - Idaho Code § 33-1030(5) sets the grant award amount at \$1,000. Idaho Code § 33-1033(5) caps the maximum grant award at \$3,000 per household.

- 3.4.c. – Maintain the annual Empowering Parents grant award at \$1,000 per eligible student.
 - Idaho Code § 33-1030(5) sets the grant award amount at \$1,000. Idaho Code § 33-1033(5) caps the maximum grant award of \$3,000 per household.

Statutory Changes

The following EPPAP recommendations would require statutory changes prior to implementation. The Governor's deadline for state agency recommendations for legislation has passed for the 2024 legislative session. Therefore, the Board cannot take action on the following recommendations at this time.

- 1.1– Grantees who purchased an item from the marketplace that is later deemed ineligible should not be banned from the program.
 - The current contractor allowed ineligible products and services to be available on the platform, and parents made a reasonable assumption that the products and services made available to them were eligible. Therefore, parents who made ineligible purchases from November 1, 2022 through August 1, 2023 were not found to have misused grant funds. Ineligible items were identified, and the contractor has been asked to repay the State.
 - As of August 1, 2023, both the contractor and Board staff review purchases daily to prevent ineligible purchases. Idaho Code § 33-1031(3) requires that parents agree to verify program compliance, agree to use grant funds for eligible education expenses, and states that if a parent misuses grant funds then “neither the parent nor

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

another parent of the student living in the same household may apply for a grant in the future for any student....”

- 2.2.a. – Prioritize offering services specific to addressing student learning loss.
 - Idaho Code does not currently establish boundaries on the type of vendor (i.e. direct or resale), nor does it provide for any limitations to be placed on the number of vendors by type of product or service. The current statute allows parents to determine what eligible education expenses to pay for with a grant award. In order to prioritize the use of grant funds, statutory changes are necessary.
- 2.5.a. – State Board of Education staff and Idaho School Boards Association work together to encourage all Idaho Local Education Agencies (LEAs) to become vendors in the marketplace.
 - Idaho Code § 33-1030(3)(e) provides that any LEA can register as a vendor, but limits services provided by an LEA to non-public school students. As the law currently stands, services could not be provided by a LEA to its own students or to other public school students. A statutory change may be necessary to encourage more LEAs to participate as vendors in the marketplace.
- 3.1.a. – Students must reside in Idaho to access Empowering Parents grant funds.
 - Idaho Code § 33-1030(4) defines an eligible student as “a person in kindergarten through grade 12, whether a public school or nonpublic school student.” The statute does not specify that an eligible student must be an Idaho resident. Idaho Code § 33-1031(2)(c)(i) requires verification of a parent’s adjusted gross income through the Idaho Tax Commission, thereby requiring that the parent be an Idaho taxpayer. Student residency is not contemplated by the law. There were several instances in which students living in border communities outside of Idaho, but attending Idaho schools, applied for and received a grant.
- 3.3.a. – Move faster through the award process.
 - Idaho Code § 33-1031(2) establishes the length of time between each of three waves of award offers.
- 3.3.b. – Shorten the duration between waves.
 - Idaho Code § 33-1031(2) establishes the length of time between each of three waves of award offers.
- 3.5.a. – Increase the number of FTE supporting the Empowering Parents Program by at least one.

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

- One (1) FTE was allocated to OSBE for the administration of this program as part of the agency's FY23 appropriation of federal funds. No additional FTE have been allocated.
- 3.6.a. – Provide current grant recipients one (1) additional year to spend grant awards.
 - Idaho Code § 33-1031(4) establishes that any unused grant funds revert to the empowering parents grant fund two years after the grant award is made.
- 3.6.b. – Develop a process to allow unspent grant funds to be returned to the state should a participant elect not to use the entirety of the grant.
 - Idaho Code § 33-1031(4) establishes that any unused grant funds reverts to the empowering parents grant fund two years after the grant award is made.
- 4.1.e. Educational programs or extracurricular activities offered for a fee or pursuant to contract by a school district, public charter school, or career technical education program to any students, provided that such students may not be counted for purposes of calculating public school enrollment.
 - Idaho Code § 33-1030(3)(e) establishes that any LEA can register as a vendor, but limits services provided by an LEA to non-public school students.
- 4.2.a. – Allow direct reimbursements for internet services.
 - Idaho Code § 33-1030(6) establishes that grants are to be distributed through a grant distribution platform. Reimbursements are not authorized.
- 4.2.b. – Establish a process for reimbursement under what the Board finds feasible within their abilities.
 - Idaho Code § 33-1030(6) establishes that grants are to be distributed through a grant distribution platform. Reimbursements are not authorized. Reimbursements were allowable under the predecessor Strong Families, Strong Students program, which proved to be significantly burdensome to administer (including five temporary, full-time employees to review reimbursement requests). If reimbursements were authorized for the Empowering Parents Program, there would need to be a similar increase in human capital.

IMPACT

If the Board approves any of the recommendations, staff will begin implementation.

PLANNING, POLICY AND GOVERNMENTAL AFFAIRS
OCTOBER 18, 2023

ATTACHMENTS

Attachment 1 – Recommendations from Empowering Parents Parent Advisory Panel

Attachment 2 – Recommended Board Action

STAFF COMMENTS AND RECOMMENDATIONS

Board staff recommend approval of the following EPPAP recommendations eligible for consideration as other education expenses under Idaho Code § 33-1020(2)(f): 4.1.a, 4.1.b., 4.1.d., 4.1.f., and 4.1.g. The inclusion of camps and classes, physical education equipment, non-technological equipment, and costumes and uniforms were originally brought to the attention of EPPAP by Board staff as these are categories of products and services in which there appears to be high demand from parents in the program. EPPAP added musical equipment and related tutoring, which staff agrees with adding.

Board staff recommend approval of the following EPPAP recommendations eligible for incorporation into the Board’s business procedures for the management of the Empowering Parents Grant Program: 2.1.a., 2.3.a., 2.6.a., 2.7.a., 3.7.a., 3.2.a., 3.4.a. These recommendations acknowledge various complexities in the administration of the program. Having approval from the Board will assist Board staff in finalizing business procedures to guide the operation and management of the program.

The recommended Board action, with incorporated changes from Board staff reflecting comments above under EPPAP recommendations, is included as Attachment 2.

BOARD ACTION

I move to adopt the recommended addition of eligible products and services and additional business procedures as set forth in Attachment 2.

Moved by _____ Seconded by _____ Carried Yes _____ No _____

Appendix 5 – OSBE List of “Approved” and “Not Approved” Purchases by Category

Idaho Code 33-1030(3)(a) Computer hardware, internet access, or other technological devices or services that are primarily used to meet a participant’s educational needs	
Approved	Not Approved
Laptops, desktops, and tablets	TV’s
Headphones	Smartwatches
Internet access	Computer components
Speakers	Smartphones, phones
Cameras	Karaoke machines
	Video game consoles and console accessories
	Video games
	Video/TV/Online streaming services
	Live television
	Musical streaming services

Idaho Code 33-1030(3)(b) Textbooks, curriculum, or other instructional materials, including educational software and applications	
Approved	Not Approved
Textbooks	Pornography
K-12 Curriculum	Content that poses a safety threat to the students or others
K-12 Books	Adult content (such as mixology guides or books)
Educational software	In-game purchases or credits
Educational workbooks	
Dictionaries	
Software subscriptions (single use with a maximum of 3 users for a family)	

Idaho Code 33-1030(3)(c) Fees for national standardized assessments, advanced placement examinations, examinations related to college or university admissions, or industry-recognized certification examinations	
Approved	Not Approved
SAT, ACT, AP, and IB	Fees for tests paid to a district, public charter school, or career technical education program for students counted for public school enrollment

Idaho Code 33-1030(3)(d) Therapies, including but not limited to occupational, behavioral, physical, speech-language, and audiology therapies, or other services or therapies specifically approved by the board	
Approved	Not Approved
Speech therapy	Services performed by interns
Occupational therapy	
Physical therapy	
Behavioral therapy	

Audiology therapy	
Vision therapy	
Dental therapy	

Idaho Code 33-1030(3)(e) Educational programs offered for a fee or pursuant to contract by a school district, public charter school, or career technical education program to nonpublic students, provided that such students may not be counted for purposes of calculating public school enrollment

Idaho Code 33-1030(3)(f) Registration fees and required materials for education camps and classes offered for a fee by a Board approved vendor

Approved	Not Approved
Tuition, technology, textbook and curriculum fees, and instructional materials for camps and extracurricular classes	Tuition and fees for enrollment in a virtual school or class in which the eligible student is enrolled as a private paying student
	Private school tuition and fees
	Annual funds
	Giving funds
	Fundraising fees, donation fees, volunteer waiver fees
	Homeschool co-op tuition and fees
	Gift cards
	Transportation and fees

Idaho Code 33-1030(3)(f) Non-technological education equipment that may be necessary to facilitate a student’s participation in educational activities

Approved	Not Approved
Backpacks, messenger bags, tote bags	Toys
Computer cases	Kitchen appliances
School supplies	Household appliances
Sensory items (handheld or specific to a student’s educational program)	Household items: cleaning supplies, batteries, packing tape, etc.
Timers	Furniture, bean bags, gaming chairs, and loungers
K-12 lego kits	Animals
STEM project kits	Cricut or silhouette machines and accessories
Art supplies and easels	Food (human or animal)
Board games	Green houses
Calculators	Gas or electric-powered gardening tools
Planners/organizers	Label makers
Educational flashcards	Desk organization: pen holders, file organizers, etc.
Microscopes	Gift cards
Telescopes	Water and sensory tables
Puzzles	Liquid floor tiles

A Review of the Empowering Parents Grant Program

Laptop stands	Stuffed animals
Horticulture and gardening tools and kits	Weighted blankets and sheets
Sewing machines	
Lunchbox	Swings (indoor and outdoor)
Manipulatives: items that help with counting, time, measurement, shapes, addition, etc. (e.g., math cubes, legos, blocks, shapes, letters, etc.)	Games or puzzles with content that may pose a threat to the student or others or that promote violence or criminal behavior are ineligible for purchase

Appendix 6 – Program Review Results Part II (Transactions Over \$3,000)

Preliminary assessment also identified 252 transactions seemingly over the grant limit of \$3,000 per family. In the final analysis, however, parents were reportedly permitted to use their own funds to cover these apparent overages totaling \$59,084.
